It marked the first event held by Fundacion Alma de Futuro with the support of IMG Academy. The relationship came to be as Fundacion ADF and IMG Academy share similar perspectives relative to the athletic and educational development of young student-athletes. The Fundacion ADF is regarded as among the most esteemed soccer academies in the Madrid community, and annually works with more than 500 student-athletes.

The event was held to showcase the level of commitment, teamwork and energy shown by all the players represented. Their sportsmanship was unparalleled, with only a single yellow card issues at any points over the course of the event. Referees were provided by the Real Federacion de Futbol de Madrid. Each team was awarded a trophy for participating, with winners taking home the coveted winner's titles. Awards were given by IMG Academy representative Norma Loaiza and Martina Knecevic, alongside Fundacion ADF president Eduardo Aguilar.

The overall champion of the event was La Fundacion ADF "A" team, with Colegio San Agustin de Madrid taking second, and San Agustin de Guadalix rounding out the teams on the podium.
